

Washington Global PCS

Board Meeting Minutes

February 19th 2026, 5pm

Trustees in Attendance: Teresa Curristine, Ph.D., Vanessa Harvey-Lykes, Jamila Thompson, Carlos Ardila, Elizabeth Torres, Linda Brown

1) Meeting Minutes Approval- Dr. Curristine calls for trustees to approve the December 2025 meeting minutes by roll call.

2) Financial Update- Dr. Curristine provides a financial update to the Board. Washington Global is in good financial standing. The school has 323 days of cash projected (well above PCSB requirements). We have a 3.6% Margin and a 2.45 Debt Service Coverage Ratio. These financials are very similar to how our financials have been all school year.

3) ASPIRE Framework Approval- Dr. Torres discusses the PCSB's new ASPIRE Framework. All the trustees have previously received the ASPIRE Framework Tech Guide to review. Dr. Torres explained that the school either needs to adopt ASPIRE or create their own measures and that she recommends adopting ASPIRE. Dr. Torres explained that the ASPIRE framework replaced the PMF framework. ASPIRE measures School Progress, School Achievement, School Specific Performance, and School Environment. Dr. Torres reviewed page 40 of the tech guide (Middle School Framework with the Board) to explain how Washington Global will be measured. Trustee comments included that this framework seems like an improvement over PMF

Teresa Curristine moved to a vote for Washington Global to adopt ASPIRE. The vote was conducted by roll call and unanimously approved.

4) Closing- Dr. Curristine adjourned the meeting.
