

Washington Global PCS

Board Meeting Meetings

April 9th 2026, 5:30pm via Zoom

Trustees Present: Teresa Curristine, Carlos Ardila, Linda Brown, Elizabeth Torres, Jamila Thompson

1) Welcome- Teresa Curristine calls the Meeting to order and welcomes trustees.

2) Approve Meeting Minutes- Trustees approve the February 19th meetings by roll call unanimously.

3) New Student Events and Enrollment Update- Dr. Torres, the school's CEO, shares with the trustees that the school held a new student enrollment dinner last week for all of the students matched in the lottery. The lottery numbers are positive this year, around or above last year's lottery numbers, allowing the school to meet or come very close to its enrollment target.

4) Updated Teacher Salary Scale and Approval- Trustees had an opportunity to review the salary scale in advance. The salary scale increases teacher salaries by approximately 2% within each yearly step. This is necessary to remain competitive in the sector. Salaries come close to DCPS when retention bonuses and transportation stipends are taken into account. Dr. Torres and her team worked with EdOps to develop the scale. Carlos Ardila asked Dr. Torres if teachers were on board and she replied that they were and would also report back if needed.

Trustees brought the scale to approval and it was unanimously approved by roll call.

5) Closing- Dr. Curristine adjourned the meeting.
